WATER COLOUR AND SKETCHING WORKSHOP FOR STUDENTS

A water colour workshop was arranged for students of seminary Hills campus NSS unit II as an learning activity on **5th Oct 2020** during Daan Utsav. Water colour is an enigmatic medium and if mastered, its nuanced presentation in the form of a painting on a paper canvas could enrich a wall or an interior and this rationale made the NSS unit II team select this particular workshop for Daan Utsav week too. The Faculty invited to demonstrate different techniques Ms. Aparna Rajvaidya, well-known artist is self-employed who dabbles in various mediums as well as crafts. Her skill was evident not only in the rendering of the demonstration board set up on a small easel but also in handling various queries and doubts which students posed to her. A warming up session of quick pencil sketching was taken to explain how objects/ people/ animals could be drawn using glass marker pencils. She then demonstrated the Basics through a village landscape captured on handmade sheet using her observations and therefore sans any actual photograph or models. Emphasizing and explaining how minimal colour can be used to bring out the essential elements in the landscape being painted. The demonstration also featured specific techniques of using various sizes of brushes to paint different elements of landscape viz. trees, birds, people, buildings, foreground and background, shadows and sunlight. The Demonstration was appreciated by would-be water colour enthusiasts and would certainly practice it; since any art needs to be nurtured only through practice, practice and more practice. The session was a 2 hr session with 58 students attending the same. She was welcomed by Ar. S Kaalmegh and Ms Kanchan Bade, HOD Applied Electronics Seminary Hills proposed a vote of thanks.
