Students are nominally fined @ Rs. 0.50 per period for the entire period of absence. Fine is imposed as a deterrent. Time and again notices are put/letters sent to guardians regarding attendance of their wards. For the last few years college has been making use of computers to streamline the process. It will be our endeavour to try and display the attendance of students twice (once before Diwali vacation and second time at the end of January) in one academic session.

It is observed that most of the students do not attend more than 50-60% of classes. Students absent from the classes for flimsy reasons, before the actual vacation being in winter or from the month of January/February. Regular classes are held usually upto February 10.

Parents/guardians are supposed to cooperate with the college authorities in directing/advising their daughter/wards to be regular in attendance and studies. It is better if parents take a preventive step. It should be noted that college will not hesitate to detain students for want of requisite attendance. Do not let that situation arise. For genuine reasons, college may condone the deficit attendance (to be substantiated by proper proof) provided letter/medical certificates are submitted in time, but not as a rule.

All students including Scheduled Castes, Scheduled Tribes and Economically Backward Classes getting Scholarships or free studentships or freeship should note that their scholarships or free studentships or freeship will entirely depend on their regular attendance, which should not be less than 80% and satisfactory progress as evidenced by passing all university, monthly tests terminal and test examinations of the college, otherwise they will not be entitled for scholarship, freeship and they will have to pay full fees.

Attendance of students on National occasions like 15th August (Independence Day) and 26th January (Republic Day) and other college functions is compulsory. Disciplinary action shall be taken against students who remain absent on the above occasions.
